Our 96 Top Tutorial Activities - Order Form

A Resource Pack for All Tutors

This new pack contains 96, exciting and interesting, activities to use with all your students. They will help you to liven up learning and make effective use of group tutorial time. The activities come complete with handouts to copy for your students, helpful resource sheets and full details of how to run each activity.

The activities are organised under four themes for easy reference;

Communication Skills ~ Study Skills ~ Problem Solving ~ Progression

The activities are listed alphabetically and referenced on a unique matrix for ease of use. Each activity has a short description to help you select the right activity for the tutorial.

The authors, Kate Benson and Arnie Skelton are specialists in the field of tutoring and have trained hundreds of tutors to improve the value of tutorials.

They have pooled their knowledge and information to provide this invaluable resource for tutors.

To view an introduction and extracts of the pack visit our website www.matrix-training.co.uk

The pack is available either ring bound in a substantial folder and is copyright free for use with students in your tutorials or as a licensed edition on CD which allows all your colleges tutors to have equal access to the activities from your resource centre or college intranet.
