

# OUR 96 TOP TUTORIAL ACTIVITIES

An 'Every Child Matters' Add-on pack

Activities to use with your students to liven up learning and use group tutorial time effectively - complete with handouts and resource sheets.

Authors: Kate Benson & Arnie Skelton

## Every Child Matters

### 5 Brand New Activities

From the wonderful feedback we have had over the past 12 months we know how much you have enjoyed using **Our 96 top Tutorial Activities and PLUS5** & how useful it has proved to be for so many of you.

The advent of the Every Child Matters agenda posed even more challenges for tutors. Although ECM should be embedded throughout the College, tutors will need to address the 5 objectives in the Tutorial. So we thought it would be a good idea to kick start the process by providing 5 new activities to match these themes.

The **ECM 5** activities compliment and strengthen the first 96 activities but are mapped against the new themes. We will shortly provide a new matrix for the existing 101 activities to map the 96 activities to ECM too!

**Check our website for regular updates ...**

<http://www.matrix-training.co.uk>

**ECM 5** is provided for your own use with your students. Those colleges who have purchased an electronic version of **Our 96 tutorial Activities**/License agreement may upload the activities onto their College intranet under their existing license for use, by you, within your educational institution only.

Use in any other way is strictly prohibited

### Using this Add-on pack ...

Use the bookmarks displayed left to browse through the activities & resources. The activity matrix also contains links to the activities and the highlighted text in the activities link directly to the resources for that activity (where available).

### A note on printing ...

When printing from .pdf documents it is important to note the actual page numbers required. These appear at the bottom in the centre of the Adobe Reader status bar. If printing a single page at a time you can select 'Current page' under 'Print range' on the print menu.
